

Demonstration Tissue Culture Laboratory - Pacific Northwest Propagation and Conservation Research

Activity Log Report

Generated on October 5, 2026

44 activities included · latest 500 maximum

Date	Action	Category	Vessel	User	Notes
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A001-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 1. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A002-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 2. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A003-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 3. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A004-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 4. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A005-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 5. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.

Date	Action	Category	Vessel	User	Notes
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A006-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 6. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A007-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 7. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A008-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 8. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A009-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 9. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A010-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 10. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A011-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 11. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A012-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 12. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.

Date	Action	Category	Vessel	User	Notes
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A013-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 13. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A014-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 14. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A015-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 15. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A016-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 16. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A017-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 17. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A018-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 18. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A019-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 19. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.

Date	Action	Category	Vessel	User	Notes
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A020-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 20. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A021-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 21. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A022-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 22. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A023-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 23. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A024-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 24. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A025-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 25. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A026-LONG-VES-SEL-BARCODE	Alexandria Demonstration Research Technician	Row 26. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.

Date	Action	Category	Vessel	User	Notes
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A027-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 27. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A028-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 28. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A029-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 29. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A030-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 30. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A031-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 31. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A032-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 32. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A033-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 33. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.

Date	Action	Category	Vessel	User	Notes
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A034-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 34. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A035-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 35. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A036-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 36. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A037-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 37. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A038-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 38. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A039-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 39. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A040-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 40. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.

Date	Action	Category	Vessel	User	Notes
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A041-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 41. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A042-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 42. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A043-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 43. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
Oct 5, 2026, 10:45 AM	subculture health check completed	quality_assurance	A044-LONG-VESSEL-BARCODE	Alexandria Demonstration Research Technician	Row 44. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record. Checked culture appearance and recorded observations for the next shift. Confirmed the shelf location and media recipe against the vessel record.
